

WHY?

- Budgeting: An expense tracker helps create and stick to a budget by categorizing expenses and setting spending limits.
- Financial Awareness: It increases awareness of spending patterns, identifying unnecessary expenses and areas to save money.
- Goal Setting: It assists in setting and achieving financial goals by allocating funds and tracking progress.
- Identifying Trends: Analyzing expense data reveals spending trends, enabling better planning and preparation for fluctuations.
- Tax Preparation: It simplifies tax preparation by maintaining accurate records and categorizing deductible expenses.
- Financial Accountability: It promotes accountability for financial decisions, discouraging impulsive purchases and overspending.

APPENDIX : 2nd Group Meeting Video Record

The screenshot shows a Google Meet interface with a presentation titled "ERD Model Final Project SBD.drawio". The presentation content includes an Entity-Relationship Diagram (ERD) with entities like "KORPRI", "KORPRI", "KORPRI", and "KORPRI" connected by relationships. The diagram is displayed on a dark background with a grid. The Meet interface shows three participants: Fajri Alqomaril, Bernanda Rai, and Andia. The bottom of the screen displays the Windows taskbar with various application icons and the system clock showing 9:13 PM on 6/11/2023.
